

Due to the current absence of a parish clerk and the Council awaiting responses from Cheshire East regarding negotiations in relation to costs associated with the transfer of the car park and also solicitor responses, there will be no September meeting. The next parish meeting will be Monday 7th October. However, if the Council receives correspondence that requires a reply before the October meeting, a meeting will be convened. In such a case, the Council will provide the required three clear days' notice to the public before the meeting.
